

THE WISE SELF HYPNOSIS DISCLAIMER

My work is a complementary approach to health, and does not replace the thorough assessment of a licensed mental health professional or a physician. I may request a referral from your licensed health provider before the first appointment. I reserve the right to decline working with you if I deem that appropriate medical exams are not provided or medications are not being taken as prescribed by your doctor.

The services I provide do not include the practice of medicine, as I am not a licensed physician. These services are non-diagnostic and are complementary to the healing arts services that are licensed by the state.

As a Professional Hypnotherapist, I do not diagnose, prescribe, treat or attempt to cure physical, mental, or emotional disorders. I am here to facilitate and empower your self-healing using guided imagery, hypnosis and energy work. If you know or suspect you have a medical disorder requiring treatment, it is very important that you consult the appropriate health professional.

If you must cancel or reschedule your appointment, a 24 hours notice is required, or the session must be paid in full.
